Dear Parent/Carer

The Biology department is going to subscribe to the publication 'Biological Sciences Review', for any A-level student who would like to receive it. The cost will be £15.00 for four issues per year.

The Biological Sciences Review is aimed at A-level and first year undergraduate students and includes topics relevant to their courses. It also enables students to read around the subject they have studied in lessons so that they can develop a better understanding of them and, therefore, it is hoped, perform better in their exams. It often also includes exam tips which can be very valuable.

If you would like your son/daughter to take advantage of this, please complete the form below which should be returned to the main office before Monday 5 October.

Yours sincerely

A handwritten signature in black ink that reads "H. I. Duggleby". The signature is written in a cursive style.

Dr H Duggleby
Head of Biology

Please return to the main office by Monday 5 October 2015

Biological Sciences Review

I would like to order the above magazine for my son/daughter _____ and attach payment of £15.00.

Parent/Carer: _____

Date: _____
