Dear Parent/Carer

I am aware that you will be concerned about the transition of your child to secondary school in September and understand that the uncertainty around secondary provision may be causing some anxiety. Please be reassured that we will be planning how to ensure the best possible transition for your child, whatever the outcome of the current consultation.

I will be in touch after the decision has been made on 26 April to let you know of key dates, such as parents' evenings and transition plans.

We know that there will be many questions you wish to ask, but feel that we need to leave any formal meetings until after the decision is made. After this time, we will be working with you all for the best possible transition for your child.

Yours sincerely
