

# Caedmon College

Y7,8, 9 Chromebook Programme 2018

**FREEDOM**  
TECHNOLOGY

# CORE AIMS FOR CAEDMON COLLEGE

We want to...

- Provide a high quality educational experience for all students and staff
- Create a culture of high expectations for all students and staff
- Raise standards of achievement for all students and staff through creating a learning focused school
- Continue to improve the quality of teaching and learning
- Becoming a learning community where all can succeed
- To support students and prepare them for the future as best we can

# WHY CHROMEBOOKS?

Our rationale...

- Society and the use of technology are constantly changing.
- Students are more reliant on technology than ever before, it is the way they communicate, learn and relax.
- The future is uncertain and while qualifications will always be important, students will need a range of skills to succeed.
- The Chromebook provides a personal device that will become integrated into your child's education. This will enhance the learning experience and further develop independence.

# WHY CHROMEBOOKS?

Our rationale...

- Less than 8 seconds to boot up
- Long battery life
- Unlimited file storage
- Light yet powerful
- Simple technology that will just work
- Easy student-teacher workflow in a safe environment
- Excellent collaboration tools
- Works seamlessly with Google Apps for Education

# BENEFITS

Impact on education...

- Opportunity to teach and learn in different ways
- Preparation for further study and the world of work
- Allow greater collaboration
- Encourages independent learning
- Supports student/teacher interaction
- Can help achieve better outcomes for students
- Its 'The future'...

# Comments from students:

You can find out what you want to know by searching online.

I think we need chromebooks because they help us with our learning. They are quick, they and are light to carry.

We need chromebooks because we use the internet a lot and we can research in any lesson.

We need chromebooks so we can take them home and work with other students to revise for our GCSEs

Chromebooks are good because you get work done quickly.

I think they are awesome

You can't viruses on them

They are much faster and easier than computers.

They are easy to get online and you can't download stuff and they don't slow down.

They are quick and easy to use and your work saves online so you don't lose it.

I can start work in school and carry on with it at home as they remember what I was doing.

Makes you feel grown up like a real student

You can use them when you need them and don't have to wait for a computer room.

**PERSONAL INFORMATION** **PERSONAL INFO REVIEW**

I understand that the equipment provided under the programme will be central to my child's learning and I will ensure that my child brings the equipment and any accessories required to school each day and that the equipment is fully charged and ready for use.

I will ensure the equipment and any accessories are looked after and that the equipment is always available for education. This includes keeping the equipment in the protective cover provided.

I understand that I must not allow any unauthorised changes to be made or any unauthorised software to be loaded onto the equipment. If the equipment develops a fault, is damaged or is stolen, I will notify my child's school immediately and will give my help to file any repair or insurance claim documentation.

The school will be responsible for ensuring that the appropriate warranty and insurance policies are in place to repair or replace the equipment if required. I understand that it is my responsibility to ensure that the equipment remains under my or my child's control at all times and is not lent to a friend or left unattended in public places where it may be lost, stolen or damaged. Please note that the insurance policy for the device does not cover loss.

I understand that the equipment remains the property of the school and is being loaned to my child for the term of the programme. I will indemnify the school for the difference in cost of the equipment from what I have paid in the event the equipment is lost, stolen or damaged and a claim for insurance is declined.

I understand that I am committing to make a regular payment each month in relation to the loaned device and that this is not an opt-in/opt-out programme. Should I default on payments, Freedom Tech Ltd has the right to recover any monies owed on behalf of the school. Should my account not be brought up-to-date in a timely manner, the device will need to be returned to the school until such time that the account is not in arrears.

I further understand that at the end of the programme term, provided all payments have been made, the school will pass title of the equipment to me at no extra cost.

I confirm that the details below are correct.

## Order confirmation

[Parent Notice](#) [Products](#) [Donation Explained](#) [Insurance and Warranty Policy](#) [Contact Us](#)

Order Successful You will receive email confirmation of your order details. ✕

### Thank You!

Thanks for submitting your request, this will be processed.

You now have 7 days cooling off period before your order is placed, within 7 days any cancellations need to be e-mailed to [info@freedomtech.co.uk](mailto:info@freedomtech.co.uk)

Next steps:

1. Once the ordering window closes, administrative processing is begun with the school.
2. First Direct Debit is processed
3. Assuming the first Direct Debit is successful (or payment in full has been made where available), devices are delivered to the school and distributed to students.  
N.B. Delivery dates are arranged with the school and cannot be altered.

Should you require any further assistance, please email [tech@learners@freedomtech.co.uk](mailto:tech@learners@freedomtech.co.uk) or call us on +44 20 3857 5630 quoting your order reference number.

A photograph of a classroom. In the foreground, several students are seated at desks, each with a laptop open. They appear to be working or listening. In the background, a teacher is standing at the front of the room, near a large screen displaying a presentation. The room has large windows on the right side.

# Thank you
